Hi Lauren,

Please utilize this email for formal notice that iCare has accepted Mr. Reaves after onsite and clinical record review. This acceptance is a clinical acceptance and will be conditional on final bed availability and selection of location by Mr. Reaves. It will also be conditional on the final determination on the reimbursement for Mr. Reaves care while residing in Connecticut, in consideration of any expenses not covered by CT Medicaid and in consideration of any lapse of payor source while Mr. Reaves is pending Medicaid approval in CT (or even prior to an application being submitted). This may include speciality items for preventative skin care such as an alternating airflow mattress, and rehabilitation. As indicated, upon this review, it was determined that iCare would have multiple facilities prepared to meet Mr. Reaves care needs should he consider a transfer to Connecticut.

Please let me know if you have any questions.

Thanks

Mike
